# Génesis Gómez

Frontend Developer

## ABOUT ME

My focus is on building interfaces that not only look good, but are also accessible, fast, and easy to use. I love experimenting with new technologies and finding creative solutions to complex problems.

## EXPERIENCE

**Frontend Developer at Municipality of Nandayure, Nandayure July 2024 — Present**

- I am currently a front-end developer on a graduation project at the National University of Costa Rica, dedicated to a human resources management system for the Municipality of Nandayure. The system covers the management of applications, departments, job titles, and digital file storage.
- Responsibilities:
- In my role as a front-end developer, I focus on designing modern and responsive interfaces using React, Next.js, and Tailwind CSS, prioritizing a fluid user experience and performance optimization. My specialty is front-end development.

.
